Pattern

Lavander booties

Thank you for buying my pattern! I hope you will enjoy making my Lavande baby booties!

It is very easy and quickly to make these booties. I offer you two versions of one pattern. You can make them striped or just in one colour. I made marks in the pattern where you should change yarn to make them striped.

Size:
0-6 months, app. 10 cm foot lenght.

Materials:
- 25 gr of 100% cotton yarn in one colour (I used Phildar 100 % cotton yarn "Detente" Lavande) , or 20 gr of cotton yarn in main colour and 10 gr in contrasting colour.
- crochet hook 3.25mm (size "D") or size needed to obtain gauge.
- two ribbons (each 50 cm long)

Gauge:
4 sts = 2 cm or 5 sts = 1 inch

Stitches used:
st(s) – stitch(es)
ch – chain stitch
hdc – half double crochet
sc – single crochet
sl st - slip stitch

Rnd 1: *Begin with main colour yarn.*
Ch2, sl st with 1st ch.

Rnd 2:
Ch1, 9 hdc, join with sl st in ch-1

Rnd 3: *If you make striped booties now change the yarn and change it in every row without cutting threads.*
Ch1, 2 hdc in each st (20 hdc), join with sl st in ch-1 space

Rnd 4:
Ch1, (skip next st, 1 hdc, ch1, 1 hdc in the same st) 10 times, join with sl st in ch-1 space

Rnd 5:
Ch1, (hdc 1, ch 1, hdc 1) in each ch-1 space, join with sl st in ch-1 space

Rnds 6 - 11: repeat rnd 5

Now work in rows!
Row 1: If *you are making striped booties from now you should use only main colour yarn.*
Ch1, *(hdc 1, ch1, hdc 1) in ch-1 space*, repeat from * 7 times more, turn work

Rows 2 - 6: repeat row 1

Turn bootie inside out. Put together both sides of heel and using sl st connect them. Work in all four loops.

Fasten off.

To make bootie's edge you should begin in the middle of the heel.

Rnd 1:
Ch1, sc around the bootie (should be around 28 sc), join with sl st in ch-1 space

Rnd 2:
Ch2, skip next st, 1 hdc, (ch 1, skip next st, 1 hdc) repeat around the bootie, join with sl st in ch-2. These will be holes for a ribbon.

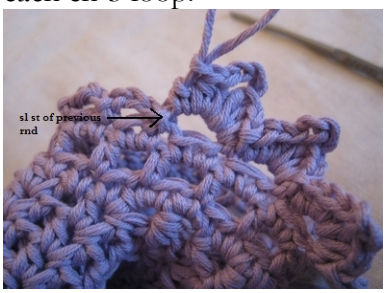

Rnd 3:
Ch 1, sc in each st, join with sl st in 1st st.

Rnd 4:
(Ch3, skip next st, sl st) repeat around the bootie.

Rnd 5:
(3 hdc, ch3, 3 hdc) in ch-3 loop, sl st in sl st of previous rnd (watch photo), repeat from * in each ch-3 loop.

Fasten off!
Second bootie make equal!
And here they are!
